

# AlphaX 15

3-Way behind the screen  
speakers for cinema

## FEATURES

- **High SPL behind the screen speaker that can be used in L-C-R configuration**
- **High SPL for small to medium private cinemas**
- **Horn loaded design provides high intelligibility**
- **3 way configuration for wide frequency range**

The Alpha Acoustics AlphaX 15 is the perfect behind the screen cinema speaker that will bring your movies in medium sized theatres to life. With its unique 3-way horn loaded design, this speaker is able to reproduce a wide frequency range to ensure that you do not miss on any of the details in the movie. Highly efficient to replay both speech and music.
