

AMBIENCE W66T

60W, IP66 - Weatherproof
Indoor/Outdoor high
performance wall speaker

FEATURES

- **IP66 design for outdoor applications**
- **Passive radiator design for extended low frequency output**
- **Pleasing aesthetics for both indoor and outdoor purposes**
- **Quick installation using the provided wall brackets**
- **Combination of both low impedance and 70V/100V options**
- **Covered euro block connectors facilitate both water proofing and easy installation**

The Alpha Acoustics® AMBIENCE W66 is a unique wall mount speaker which can be used for both indoors and outdoors. With a unique bass radiator design, the speaker is able to deliver extended low frequencies which make it suitable for restaurants, outdoor gardens and hospitality projects. The easy to use mounting bracket makes installation easy. The speaker comes with low impedance and 70/100V options making it a true multi-purpose speaker.
