

KITE 10

10" Horn loaded 2-way speaker for Foreground Music and Speech reinforcement.

FEATURES

- **Pleasing aesthetics to complement your interiors**
- **Multi layer birch plywood which ensures excellent tonal quality**
- **Lacquer finishing to reduce the risk of scratches**
- **Horizontal and vertical mounting flexibility**
- **Small footprint and yet delivers a punch**
- **Specially designed reinforced metal grille**

The Alpha Acoustics® KITE 10 is a pleasant looking speaker that would fit perfectly where one needs high SPL in a small package. The speaker is made with multi-layer birch plywood to ensure that there is no compromise on the tonal quality of the speaker. The speaker provides both horizontal and vertical mounting to suit the customer's various placement needs. It fits into almost any space due to its small size. The special metal grille ensures that the speaker is safe from external vandalism.
